P. & L. E. STATION ROBBED LAST NIGHT

Sometime between 9 o'clock last night and the early morning hours, thieves, presumably young boys, entered the local railroad station and smashing open the three slot machines in the waiting room took several hundred pennies and two or three dollars worth of chocolates and chewing gum. A weighing machine was also tampered with, it is thought, but the machine was not damaged. No attempt was made to enter the ticket office although there was quite a large sum of money in the safe there. This fact leads to the belief that there were only youngsters mixed up in the affair and detectives are working on this clue.

After forcing an entrance through one of the large windows the miscreants tore the machines from the walls where they were attached and carried them to the ladies' toilet room where they were opened with a bar. The candy was scattered over the waiting room of the station and when Agent Dunlap arrived to open up for the early train the appearance of the room reminded one of a town after a cyclone had paid it a visit.

DICKEY IS MAKING THE FINAL ROUNDUP

E. F. Dickey, the New Kensington candidate for Assembly was circulating among his Monessen friends yesterday and holds out a very flattering view of things along the political line of battle insofar as he is concerned. Mr. Dickey is a hard worker and always has a cheerful word for all with whom he comes in contact, and this goes a long way in making a successful political canvass. The man who can see the most people in the shortest time and leave them with the best impression is the man usually who is remembered first on election day, and none can for an instant dispute Mr. Dickey's being possessed of all these qualities. Aside that, he's an honorable, fair and square man. 1t

TURN VEREINS BANQUET AND TOAST

Sometime ago, Attorney Philip K. Shanor of Greensburg, who is an honorary member of the Monessen Turn Verein, arranged to give a banquet in the honor of the members and last night was the time set, but as Mr. Shanor was sick and could not be present, the affair was in charge of Dr. H. W. Day and Frank Bumer, and it was a most memorable one in the history of that organization.

The spread was served in the spacious dining parlor, one hundred plates being laid and was done in away highly creditable to the Turners and to Mr. Stephen Duoratzek, who acted as caterer, and the repast embraced all the season's delicacies as well as substantials, served in a manner pleasing to all.

This was an affair held in the interests of Taft delegates to the State and National Republican conventions and the rooms were appropriately decorated in the national colors with a liberal sprinkling of Japanese lanterns, which added a very fetching and timely coloring to surroundings.

John Dries, president of the Turners acted as toastmaster in a most acceptable and creditable manner and speeches were made by the following:

George Nash, A. N. Shuster, Dr. H. W. Day, Frank Bumer, John Duvall, Wm. Bertleman and others. The program of the evening was interspersed by musical numbers, and all in-all it was a most enjoyable, sociable affair, and the only regret was that Mr. Shaner was not able to be present.

Sleath Won Foot Race

In the one mile foot race at the Donora skating rink, David Sleath of Monongahela won out, Joseph Stark of Donora being second. Thos. Allen of Monongahela did not finish on account of an accident. There was quite a good representation of Monessen people and all report the race as being replete with the excitement common with an event of that nature. The attendance was large.

THE FINAL ROUNDUP SHOWS THAT EVERYTHING IS COMING CLEAN FOR E. E. ROBBINS

The last days of the campaign indicate that Edward E. Robbins of Greensburgh will be chosen as the Republican nominee for congress by a big majority. For some time Mr. Robbins has been looked upon as the man who would succeed Hon. Geo. F. Huff from this district upon the retirement of that gentleman and his claims for the nomination are not purely based upon the fact that he has been a loyal Republican all his life, but his many manly traits and superior training and adaptability to fill this important office make his candidacy stand out alone. Mr. Robbins is a young man possessing that vigor and energy required in an important position such as congress, and people generally are of the opinion that a capable man should be chosen this time for congress as the Twenty-second district is one of the most important in the state. Especially is Mr. Robbins generally indorsed by the people of this end of the county on account of his activity on behalf of the many issues which have been brought forward at different times and in every case he has looked after the legal phases with an efficiency highly satisfactory to the people.

Mr. Robbins is an attorney excelled by few in the state. In the practice of law as in business he has been clean and square and his political record is one creditable to the party.

Locally the busines men are taking a hand in his campaign and they intend to support him Saturday almost to a man, for they realize that when legislation comes up that is important to their interests, Mr. Robbins is fully competent to pass upon it and that his judgment at all times is good. And this is the prevailing opinion among all classes of people and his promise of success Saturday is highly gratifying to his many friends all over the district.

LOCAL TEACHERS HEAR DR. SCHAEFER

Monessen was well represented at Donora last night by the faculty of our schools, to hear Dr. Nathan C. Schaefer, Superintendent of Public Instruction lecture in the Grand opera house. The following were there from here: Supt. H. E. Gress, the Misses Beatrice and Elizabeth Melich, Lee McClain, Anna Kingsley, Carrie and Sara Shutterly, Clara Mitchell and Beatrice Hanlon. Also W. F. Blackburn and G. M. Mitchell.

Dr. Schaffer's subject was "The Importance of education," and he handled the topic to the decided satisfaction, delight and edification of a large and representative audience, made up mostly of eductors from all the neighboring river towns. In his talk the speaker brought out strongly the point, of comparison between the educated and the uneducated, drawing vivid word pictures of the advanages, likewise the disadvantages. Solos and Duettes interspersed the evening's progam and it was one among the leading educational events of the year in this valley.

A number of our representatives experienced a few tribulations not scheduled beforehand, in imitating new low cut shoes, etc., as it proved a little muddy during the evening, and as considerable walking was necessary from Webster across the river bridge to the opera house and back, and we learn that some are of the decided opinion that "new shoes" are not the proper thing to start out with on such a jaunt.

The General Assembly of the United Presbyterian church to convene in Seattle, Wash., May 21 to 29. This is an honor that only comes to a man in this church once in ten years, and Rev. Jamieson is justly elated and proud of the distinction.

DID YOU EVER WONDER WHO IS WHO ?

It's the characteristic features that cut the big figure in the business world that makes "Who is Who" so interesting. In Monessen you figure that you know most everyone. Do you think it would be impossible for a man whose description was given to walk the streets all day, without being caught, when everyone in town was looking for him and that a $15 reward was to be paid for his capture? It will soon be tried out in Monessen only it will be much easier than this. "Who is Who," will be Monessen people that you figure you all know, and a full description will be given.

We will make it easier than that. There will be a number of people, all of them living here who will have the full information for finding "Who is Who." These people will give you all the information you need. Your humble dealer knows "Who is Who," so does your druggist; your grocer is having a hard time trying to keep from giving away the secret. Ask them all about it.

Askey-Goroncey Wedding

James R. Askey of Bellefonte, and Augusta Garoncey, of Youngville, were quietly married on Tuesday evening at the parsonage of the English Lutheran church by the pastor, Rev. G. H. Eveler. There were no attendants and the young couple will make their home at Donora where the groom is employed. Mr. Askey is a young man highly spoken of in his home town, while the bride is a young lady with many friends in and about Monessen, her family having been among the town's first settlers. The good wishes of many friends accompany this newly married couple in their new life.

Ten produce firms of Washington county have complained to the interstate commerce commission, Washington, D. C., against alleged excessive railroad rates out of Pittsburgh. They allege that the rates have been advanced frequently and that during the last year the rate on a car load of produce from Pittsburgh to Washington has increased $6.

DAVID OWENS ONCE OF MONESSEN, DEAD

David W. Owens, one of the oldest residents of this section died yesterday at his home in Belle Vernon, from the infirmities of age; he would be 91 years old had he lived until July 22d. Mr. Owens had been failing for quite a time, yet up until about two months ago was able to be about. He was born in Wales, coming to this country when quite young, stopping for a time in Pittsburgh. Later he drifted up the Monongahela valley and bought land where the town of Monessen now stands and followed farming until the site was chosen for a town, and at one time he owned the exact ground on which the Pittsburgh Steel plant is now built. The old log house used as a dwelling for year by the Owens family was razed only about three years ago to make way for mill enlargement. After selling the Monessen land the family moved to Belle Vernon where the home has since been. Deceased was a devout and faithful Methodist and was a church worker. His wife being dead some years, he is survived by six daughters as follows: Mrs. Dory Myers and Mrs Sam Ross of Monessen, Mrs. John Myers of Belle Vernon, Mrs. Wm. Davis, of Grove City, Misses Sarah Jane and Laura Owens at home. Mrs. Celia Owens of Monessen is a daughter-in-law, her husband being dead The funeral services will be held from the late home at 2:30 p. m. Thursday, interment in Belle Vernon cemetery.

Beautifying Station Grounds

The landscape gardeners have been working on the station for the last couple of days and the appearance presented now augurs well for beautiful grounds during the coming summer. A large number of people in the residential districts are also fixing there lawns and this move will be one of great credit to the town

Keep Pushing Ahead

The Daily Independent has always insisted and still does, that Monessen must forge ahead. The town has been doing nobly and is making for itself a most enviable record, but we can see no reason why any self respecting citizen should be satisfied with present conditions, nor why he should not evince a willingness to join a grand forward movement along every line of practical endeavor.

The Duquesne Observer in speaking editorially along this line truthfully remarks that "The upbuilding of a town does not differ greatly from that of anything else, and it is well that the people apply the same common sense to thier efforts at town improvements that they apply to other things. Will L. Finch is a celebrated "Town Doctor," and his words are worth consideration, especially in communities like Duquesne. Mr. Finch's statement is as follows:"

The success of a community is no different than the success of a business. Each depend upon the people that are in it.

The community has opportunities to offer the public—opportunities for industry, or trade, for education and recreation and for comfortable homes.

A business prospers and grows in proportion as the wares it has to offer have merit and are made known to the public.

The community increases in population, in industries, and in commerce, in proportion as its opportunities become known to the world at large and the public learns that these opportunities possess merit.

It takes men and it takes money to make a business success. Equally, it takes men and money to make the community grow and prosper.

But men and money alone will not suffice. There must be well-directed, concerted energy back to both.

No business can succeed without team work. Every individual in the store or office or factory has his particular duties to perform. But each is working toward the same end, and in unison and harmony with the other.

So it is with a community. The individual, working alone can accomplish but little for the the advancement of the community, however high his ideals may be; however great his aims and purpose. But a great number of individuals, bound together by the same aims and purpose, and working together for the common good of the community can accomplish all things."

Deserved Prosperity

The Harrisburg Telegraph, among the leading daily papers in the Keystone state has just passed the 20,000 mark in its circulation, which event in the life of a growing daily news paper is always occasion for a celebration of some sort, and in view of this the Telegraph is this week "digging up" as it were a lot of old things, a lot of good things, and altogether a mass of things valuable to its many readers. This is being presented in one and two page specials, and the entire week is being jammed full of matter celebrative and commemorative of the 81 years of trials and triumphs of the Telegraph. The subjects reviewed are as follows:

Monday, "The relation of the newspaper to the church Tuesday it will be public improvements that the Telegraph has advocated and fought for. On Wednesday it tells something about the boys who once carried the Telegraph. "The Old and the New Telegraph" will be the topic for Thursday; "Old Readers," for Friday, and the "Making of a Newspaper," on Saturday."

The rise of the Telegraph has not been excessively rapid, but most reliably sure and today it's promoters, owners and publishers can be justly proud of the record made. It is one of our most valued exchanges. We only hope, by persistent and honest effort to some day climb to the Telegraph's enviable pinacle of the present. Long live the Harrisburg Telegraph.

JERSEY MAN'S STORY

There is a rugged, robust, New Jersey man, George W. Thompson, by name, living in Manasquan, who has an interesting life-story to relate.

"About two years ago," he said (in a recent letter) my health broke down and I felt fagged out all the time, having very little strength and being nervous, with poor appetite.

"I think Vinol is the best spring medicine on the market today, for since taking it I can say that I feel like a new man. I have regained my strength, eat well, sleep like a log."

Right now is the time for you, if you are weak and run-down, can't eat or sleep to take Vinol, our delicious cod liver and iron remedy.

No matter whether you are a feeble old person or young and sickly, if you are not as strong and vigorous as you ought to be, Vinol is for you and it will build you up. Take it on our guaranty of satisfaction and if it disappoints you we will give back your money. But if you need new strength begin taking Vinol now. Hirsch Drug Co., Monessen, Pa.

Has to Serve Double Sentence

James Carrington of Black Diamond has just been given a pretty salty sentence in the Washington courts for selling liquor illegally—$500 and costs and ninety days to the workhouse. It seems that the propensity in this man was so strong for wrong doing that he just simply couldn't keep out of trouble. In August 1909 he was tried on a similar charge and the same sentence was imposed, but he was released on account of having a family with no support. Now he will have to satisfy the law's demands on both charges, it being plain that he did not properly appreciate the court's leniency in the first case.

PATTERSON ON THE RECALL OF THE JUDICIARY

Thomas Patterson, Esq., one of Pennsylvania's most distinguished jurists, in a recent public address before the Taft Club of Pittsburgh, discussed the proposition of recall of the judges with such clearness and conviction that every man who is going to vote at the primaries on April 13th ought to read what he says before going to the polls.

If any one will write to the Secretary of the Taft Club, 323 Fourth avenue, Pittsburgh, a copy of this great discourse will be mailed him.

In the meantime the following extract will give an idea of the character of Mr. Patterson's address:

Mr. Patterson's Powerful Arraignment

"There is a doctrine which is now being pressed forward with great energy in certain quarters, and that is the recall of the judges. This is so obviously vicious that it is difficult to discuss it. What protection has the individual who happens at the time to be of the minority, if the judge, who decides his case, must consider, not what is the law applicable, but what decision will be the most popular? Law, necessarily, is matter of precedent and rule. It would be so under any system of government that is government at all. Men must have rules for governing their conduct that are tried and known. The individual case can only be dealt with in accordance with precedent and principle. To compel the judge to decide the case, not upon the law, but upon what is the popular wish at the particular time, would be to absolutely destroy his efficacy as a judge. Majorities do not need protection; they protect themselves. It is the minority, the people who at the time are misunderstood or unpopular that need protection, and so many decisions of our judges that were unpopular with the majority at the time they were made have afterward proved to be sound and the correct interpretation of the law that I scarcely need to refer to them. It is for this, among other reasons that constitutions are framed and judges exist. To destroy this system is to end the stability of our institutions, and to destroy the reliance which men rightfully have in the protection of the law.

Tribute to the Judiciary

"It is the fashion now to criticise and find fault with the judges, and the judges are of all men most helpless under criticism, for they may not reply. No one claims that they are infallible, least of all those who daily practice before them. They make mistakes as other men. Nevertheless, I believe the American bar will concur [illegible] statement that in public life today there is not a body of more loyal and conscientious men—saving always the officers of our army and navy—than the judiciary. For such evils as may exist the remedy is not more politics, but less politics. They should be taken out of politics altogether, as they were in the days of Gibson and Tilghman, of Kent and Livingston. Do not make them come to heel at the call of the politicians."

For copies of this speech and a number of other masterly discussions of questions of the hour call at the Taft Club of Pittsburgh, 413 Fifth Ave., next door to the Hotel Henry.

At the same time add your name to the thousands who have already come out for President Taft and his just claims upon us for another term.

The Taft Club of Pittsburgh urges you, regardless of party affiliations or factional alignments, to go into the coming primaries and to vote for those delegates to state and national conventions who are pledged to support the candidacy of William Howard Taft.

Very truly yours,

The Taft Club of Pittsburgh

MANY SEE ELECTRIC SHOW

Many Monessen folk have already attended the big electric show at Charleroi by the West Penn Electric Company, and every one gives glowing reports, and much interest is being aroused. Perhaps the display that attracted the most attention was one arranged by B. E. Getchell, superintendent of the meter department of the West Penn Electric company This is a small model coke plant in operation and operated by electricity. Local firms which have displays are Regan & Hormell which are combining with the Monessen Plumbing and Electrical chandeliers, globes and so forth. S. L. Woodward, who has a Columbiana Graphophone and an electric player piano, A. D. Spencer, sales agents for the Buick Automobile, the Macbeth Evans Glass company, the West Penn Electric company and R. L. Barnhart.

A leading feature of this week's show will be the choosing of a "Slogan" for Charleroi, and looking to that end small eight square "booster cards" are being handed each person as they enter the hall reading: "As a booster for Charleroi I suggest the following slogan for our city." The cards are to be signed and at the close, judges will decide the best and most appropriate slogan suggested, in their estimation, and the same will hereafter be used as a town booster, provided it be accepted by the Board of Trade. The person suggesting the name decided upon will receive free a fine electric iron as a reward. A lively interest is growing in this especial feature and many suggestions are being offered. Remember, the show is all this week, and the only thing of it's kind ever in the valley.

A much needed move on the part of the Street Department is being made at the present time in the cleaning of the streets in the business section of the town.

GREAT GROWTH OF TAFT CLUB

Sentiment in Western Pennsylvania Is Clearly Indicated

BIG VOTE ASSURED PRESIDENT

That All Classes in This Section Desire the Renomination of Taft Is Shown by the Thousands of Voters Being Enrolled as Members of the Taft Club of Pittsburg.

By Arthur F. Goshen.
Special Correspondent

Pittsburg, April 9—The Taft Club of Pittsburg is a flourishing organization which is rolling up a big vote for the return of the president to the White House.

Last week saw a tremendous growth in the membership, it having more than quadrupled since the inception of the movement less than a month ago Ten thousand persons have signified by putting their names down on the roll of membership that the representative desire of the voters of this end of the state is heart and soul for the retention of a safe and sane leader in the Republican party committed to the principle of a protective tariff which means so much to the industrial supremacy of Pittsburg and the great outlying territory of which the city stands as a center.

Hundreds of postal cards bearing the names of voters committed to the support of Mr Taft come in daily to the club rooms at 413 Fifth avenue, next door to the Hotel Henry. Men from the city and from all over western Pennsylvania daily are calling in person to enlist in the cause. Last week Secretary Mossman received a letter from Wilham B McKinley, director of the national Taft bureau of Washington D C., in which that authority declared with confidence that the president would go into the Chicago convention with between 700 and 800 delegates Seven of the eight delegates from Allegheny county are assured for Taft. The other eight congressional districts in this end of the state are certain to return solid delegations for the president.

Roosevelt sentiment is fast waning. Scores of voters, from wage earners to employer, daily express the sentiment that while they formerly held Taft's chief rival, Roosevelt, in high esteem, he has lost all their admiration by the manner in which he has come out to oppose the man he had nominated and elected four years ago Roosevelt's public policies expressed in his campaigning during the last few weeks is steadily detracting from the support he once had. Relying on the safe wisdom of Taft the voters are here moved to desert to the Taft standard.

Cheering reports are coming in from Washington, Armstrong, Westmoreland and Butler counties constantly Visitors in the city from those centers bring word that it's "All Taft." The work of the Taft club will be vigorously prosecuted right up to the hour of the primaries next Saterday.

THE TRUE TEST

Tried in Monessen, It Has Stood the Test

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Monessen-Kidney sufferers can hardly ask for stronger proof than the following:

Mrs. Feightner, 133 Oneida street, Monessen, Pa., says: "I suffered from severe pains in my back and left side and it seemed as if there were no relief for me. I had dizzy spells and my appetite was poor. Seeing Doan's Kidney Pills advertised, I obtained a box, although I had but little hope of their curing me. I am now glad that I took this remedy, however, for it improved my condition in every way." (Statement given Oct. 2, 1907.)

RE-ENDORSEMENT.

When Mrs. Feightner was interviewed on Nov. 9, 1909 she said: "I gladly re endorse Doan's Kidney Pills. I still think highly of them and advise their use in all cases of kidney trouble."

Among the Theatres

OLYMPIC

Four pictures today—Drama, comedy, and everything interesting. Thursday. April 11th, we will have five good reels, but the feature picture will be a temperance picture in two parts, "Alcohol, the poison of Humanity" showing the destruction of the father from a drink of wine at his brother's home. Also the ruination of the son, who from a small position rose to that of a great engineer, married a wealthy and pretty girl, afterward murdered her and court trial proved that it was caused by inheriting the sin of strong drink from his father. Be sure and see this great picture. 1t

Our vaudeville Friday and Saturday afternoon and evening—will consist of nine people and fourteen animals—ten dogs, two ponies and two monkeys. Our acts will embrace singing dancing, juggling, etc., by the best artists. The Strickland dog, monkey and pony circus is one of the best and strongest acts on the circuit, and all should see it. Truly equal to the great seals we had last week. 1t

THE BIJOU

Three good pictures daily at the Bijou. Good orchestra music and courteous treatment always. Watch our displays for the latest in photo plays. Pathe weekly this week. 60-3t

The Bijou Theatre will have a storng bill this evening as usual, with good music. Also for Thursday, Manager Cowan will have the famous Pathe Weekly, and a great historical drama. "How Washington Crossed the Delaware," and one other equally good picture. Don't miss it. 1t

THE STAR

One of the dramatic sketches of the season will be the feature for the last three days of this week at the Star, in Maude Parker and Co., an act that pleases the best. Also Chas. DeFur and Lyllian Estes, vaudevill's neatest singing and dancing duo. Lenord and Lowe in a refined novelty. The show is put up to please the better classes. 1t

Some Are Good, Others Not Quite

Says Monday's Monongahela Republican: "What a difference there is in the corporations that do business in our city. This we all know, but it was never more clearly demonstrated than today when Superintendent C. G. Moor of the West Penn Electric Company paid over to the city the sum of $335.00 as the pole tax for this company for the year of 1912. This is an annual custom of the West Penn company, to pay it's pole tax in advance. There are 335 poles in the city at $1.00 per pole.

This is the way one corporation does business, while the Pittsburgh Railway company and the Bell Telephone company absolutely refuse to pay any pole tax. The latter company made a proposition a few weeks ago to pay from 12 to 15 cents per pole. Really such generosity is difficult to comprehend."

EFFORTS BEING MADE TO AVERT A STRIKE

Meetings are to be held in the Labor Temple in Pittsburgh this evening at 8 o'clock and to morrow morning at 2 o'clock to take further steps in connection with arbitration concerning the proposed strike of the street car men on all the lines of the Pittsburgh Railways Co.

The settlement has been hanging fire for sometime and it is thought that an amicable settlement will be reached although nothing definite will be made public for a day or so. The men are asking for increased wages and a few other minor changes and this is where the hitch lies.

In case of a street car strike on the Pittsburgh Railway lines it would mean a great deal of discomfort locally as many people depend entirely on the street cars for transportation to the city and to the other towns along the Pittsburgh and Charleroi line.

Boys Badly Mixed Up

In an arrest made yesterday at Brownsville of several young men by Constable Swogger, a large amount of goods, valued at several hundred dollars was located and identified as the property of Nicholas Mansour, a Greek. The goods were found in the home of Walter Beatty and consisted of pipes, cigarettes, tobies, etc. The constable also found near a wagon load of clothing, said to belong to the Greenbaum department store. The lads arrested were Walter Beatty, Stanley Kennedy, David Jones and Joseph Nicholls, ages ranging from 16 to 26 years.

ABANDONED INFANT FINDS A GOOD HOME

Considerable interest centers in the finding of an infant at 9 o'clock at night on the front porch of Joseph F. Jackson's home on Fourth street, Charleroi by Patrolman Murphy. The infant was rolled in cotton and several thicknesses of woolen cloth, and seemed to be but a few hours old. Attracted by the little mortal's feeble cries against the hand of fate that had cast it into the cold world, the officer found the child on the edge of the porch. Accompanied by J. R. Chalfant who happened along the baby was taken to the office of Dr. McKay who declared that the child had been born within probably less than an hour.

The baby weighed nine pounds and is said to be the picture of health. It is apparently of American parentage and where it came from is a complete mystery Members of the Jackson family were away from home at the time and no one was seen near the porch. It is believed that the baby was left a few minutes before the officer happened along.

Apparently satisfied in its tender helplessness, that it had found a protector at last, the baby went to sleep shortly after being found by Officer Murphy and already the little waif has found a place in his big heart. He took the baby to his home and declared that he would adopt it as his own child unless the parents claim it and give some satisfactory explanation of their actions.

DOMINANT

Over half of the American cars driven by tourists in Europe are Packards, according to registrations in the Paris edition of the New York Herald.

At mountain touring centers in the United States, Packard cars outnumbered all others, according to registrations at the leading touring rendezvous.

The dominant position at once conceded to the Packard "Six" has so spurred the demand for Packard cars that sales for 1912 models in midseason exceed the total sales of the 1911 season, 77 per cent of the entire 1912 output already having been sold.
